October 2009

This Employer Manual has been designed to be an easy reference guide when dealing with all aspects of the Program. As you review the contents of this manual, please note that some policies and procedures may vary depending on an employee's trade.

Designated Employer Representative Responsibilities

There are three primary responsibilities of Designated Employer Representatives (DERs):

- contact for confidential and sensitive information, e.g., notification of employees who are out of compliance;
- receipt of Notices of Random Selection and their discreet and timely delivery to selected employees;
- verification of employee compliance status via the WCISAP website or by phone.

You may have multiple DERs and you may customize their responsibilities by checking the appropriate boxes next to their names on the Participation Agreement.

Forms

The Test Authorization Form is used for Pre-Program, Post-Accident and Reasonable Suspicion tests. When employees are sent for these tests, they must be given a completed authorization form to present upon arrival at the collection site.

The Documentation Form should be completed when you send an employee for a Post-Accident or Reasonable Suspicion test. This form is not required by the collection site, but should be signed by the appropriate parties and kept in your files.

Please duplicate these forms as necessary.

When employees are selected for random tests, the Notices of Random Selection will be generated by our office and sent to the person you have designated to receive them. The employee's copy serves as the Random test authorization and should be presented upon arrival at the collection site. Samples of the Random test forms are included in this manual.

Collection Sites

The list of approved collection sites for this Program is available on the website at www.wcisap.com. The sites are sorted by location for ease in identifying one that is convenient for you and your employees.

Please pay particular attention to the last column, titled "BAT." The sites marked with a "Y" have breath alcohol testing equipment, which is required when employees are sent for Post-Accident, Reasonable Suspicion and a percentage of Random tests. (This requirement will be clearly indicated on the Random form when faxed to you.) Those sites marked with an "N" do not have this equipment at this time. The locations and hours of operation of collections sites may vary without notice so we recommend you call in advance. When we are notified of changes, the list is updated, sent to each employer and posted on the program's website.

Accessing Employee Compliance Status

Upon receipt of your Participation/Compliance Agreement, you will receive an Employer Identification Number and Passcode, which are necessary to access employee compliance information. We will need the names of all of your Designated Employer Representatives who you wish to access this information as well as their level of authority to represent your firm as noted earlier in this letter.

Participants

Please be advised that both your Bargaining and Non-Bargaining administrative employees may participate in this program. Once your employees qualify for participation, by either passing a Pre-Program test or through grandfathering, their names will be placed in the pool and they will be subject to selection for a Random test at any time. For Bargaining employees, the respective Third Party Administrator will bill you for the \$0.06 per working hour contribution. CleanWorkForce will bill you for your Non-Bargaining employees at a flat monthly rate of \$3.80 per person.

After reviewing this Manual, please do not hesitate to contact us by phone or e-mail if you have any questions or if we can provide you with any additional information. Thank you.

PROGRAM ENTRY TESTING (Grandfathering) FOR YOUR CURRENT EMPLOYEES

Some employees may be eligible for compliant status under the Washington Construction Industry Substance Abuse Program and not required to take a Pre-Program Test if they meet the following criterion:

Any individual who was tested or subject to testing, under a certified random program in the last twelve months prior to WCISAP participation, and who has not had a break in employment since the last test, will be grandfathered into the WCISAP.

If the employee was tested, the test must meet the following standards:

- The employee's specimen was tested at a SAMSHA certified laboratory, accompanied by a Chain of Custody form.
- The specimen was tested for the following substances and the results were below both screening and confirmation thresholds:

<u>Tests</u>	<u>Screening Cutoff</u>	<u>Confirmation Cutoff</u>
Amphetamines	1000	500
Cocaine Metab.	300	150
Marijuana Metab.	50	15
Opiates	2000	2000
PCP	25	25

If you have employees who are eligible to be grandfathered, please provide us with their name, Social Security number, home address and their craft (Carpenter, Cement Mason, Laborer, Plumber/Pipefitter or Glazier, or indicate they are non-bargaining staff). Please also provide a copy of your drug and alcohol test policy.

Revised Sept .2009

**PRE-PROGRAM TESTING INSTRUCTIONS
FOR YOUR CURRENT EMPLOYEES**

Some employees may not be required to take a Pre-Program test. They may either be:

1. eligible for grandfathering (see Program Entry Testing information); or
2. already a participant as a result of previous employment with another participating employer.

Please contact CleanWorkForce if you have any questions regarding your current employees' status.

If a Pre-Program test is required:

1. Complete a Test Authorization and Fax Form for each employee, which must be presented upon the employee's arrival at a WCISAP authorized collection site.
2. Inform the employee that upon arrival at the collection site, they will be required to:
 - a. show photo and signature identification, e.g., State issued driver's license;
 - b. sign consent form; and
 - c. provide a urine specimen for laboratory analysis.
3. When the employee returns from the collection site, ask them to produce a copy of the Chain of Custody form as verification of testing.
4. For test result information, please see Test Results under Tab 6.

POST-ACCIDENT TESTING INSTRUCTIONS

Involvement in an on-the-job accident may require testing when an employee is judged to have caused or contributed to an accident requiring off-site medical attention or property damage. If an employee is sent for a Post-Accident Test:

1. Complete a Test Authorization and Fax Form, which must be presented upon the employee's arrival at the collection site. Also complete a Documentation Form. This form is not required by the collection site, but should be signed by the appropriate parties and kept in your files. (Both forms may be found under Tab 1.)
2. Contact CleanWorkForce and provide the name and Social Security Number of the employee to be tested.
3. The employee may be transported to the hospital or laboratory by the employer. **Post-Accident Tests require a breath alcohol test. Be sure the employee is taken to a facility where this equipment is available.**

Note: No drug or breath alcohol tests are to be administered prior to necessary medical treatment.

After the test is completed, the employee may be transported back to their residence or the jobsite.

4. The Employee must report for testing as directed by the Employer within two (2) hours after receiving any needed medical treatment. If no medical treatment is required, then the employer may only direct the Employee to test within twenty-four (24) hours of the accident or event and the Employee must test within two (2) hours of being directed to test.
5. For test result information, please see Test Results under Tab 6.

REASONABLE SUSPICION TESTING INSTRUCTIONS

“Reasonable suspicion” means aberrant or unusual behavior of a person which:

Is observed by the person’s immediate supervisor or others and confirmed by the observation of a managerial employee or their trained designee, which observations shall be documented at or near the time of the observation; and

Is the type of behavior which is a recognized and accepted symptom of intoxication or impairment caused by controlled substances or alcohol or addiction to or dependence upon said controlled substances; and

Is not reasonably explained as resulting from causes other than the use of controlled substances (such as, but not by way of limitation, fatigue, lack of sleep, side effects of prescriptions or over-the-counter medications, reactions to noxious fumes or smoke, etc.).

1. Complete a Test Authorization and Fax Form, which must be presented upon the employee’s arrival at the collection site. Also complete a Documentation Form. This form is not required by the collection site, but should be signed by the appropriate parties and kept in your files. (Both forms may be found under Tab 1.)
2. Contact CleanWorkForce and provide the name and Social Security number of the employee to be tested.
3. The employee will be transported to the hospital or laboratory by the employer. **Reasonable Suspicion Tests require a breath alcohol test. Be sure the employee is taken to a facility where this equipment is available.**

After the test is completed, the Employee will be transported back to his/her residence and remain off the job for eight (8) hours.

4. The employee must report for testing as directed by the Employer, but no later than two (2) hours after being directed by the Employer.
5. For test result information, please see Test Results under Tab 6.

RANDOM TESTING INSTRUCTIONS

CleanWorkForce (CWF) will select employees on a computer generated random basis each week to an annual fifty percent (50%) level. Twenty percent (20%) of those selected will also be required to take a breath alcohol test.

1. The Designated Employer Representative (DER) will be sent an Employer's Notice of Random Selection listing the selected employees. Individual employee notices will also be provided for each selected employee. The notices will include the last four digits of the employee's Social Security Number and the month and day of their birth, if known, to assist in identification.
2. The DER is to deliver the Employee Notice of Random Selection, in a timely and confidential manner, to each employee and direct them to an authorized collection site.
3. Have each Employee read the Release language on their Notice and sign and date in the space provided.
4. Write the date and time you have provided each employee with their Notice on ***both*** the employer and employee copies.
5. Advise the employee they must present their Notice upon arrival at the collection site.
6. Emphasize to the employee that they must:
 - report to a collection site within twenty-four (24) hours of receipt of their notice*, **and if a breath alcohol test is required, they must report to a site where that equipment is available;**
 - present their Notice of Random Selection to the collection site personnel;
 - provide photo and signature identification; and
 - provide a urine specimen and submit to a breath alcohol test, if required.

*** U.A. Local 32 Plumbers and Pipefitters and Glaziers Local 188 test on company time as directed by the employer.**

If an employee cannot test, indicate the reason on the Employer Notice, e.g., no longer in your employ, working out of jurisdiction, etc.. If an employee is temporarily not available to test, due to vacation or sick leave, their Notice should be delivered to them upon their return to work.

7. Sign and return the Employer Notice to CWF via fax as soon as possible.
8. For test result information, please see Test Results under Tab 6.

Note: Samples of the Employer and Employee Notices of Random Selection follow.

TEST RESULTS

- When the employee returns from the collection site, ask them to produce a copy of the Chain of Custody form as verification of testing.
- Negative test results are usually available within 24 hours. Negative results will not be reported to the employer. DERs may contact CleanWorkForce (CWF) to confirm a result.
- Unverified positive test results will usually be reported by the laboratory within 48 to 72 hours and will be forwarded to the Medical Review Officer (MRO) for confirmation.
- CWF will immediately contact the authorized DER and request that the employee be directed to telephone the MRO.
- Following the MRO's interview with the employee, a confirmed test result will be reported to CWF. The authorized DER will immediately be notified of the employee's compliance status.
- If the employee is not in compliance, they may contact the Employee Assistance Program Provider (EAP) if they wish to change their status. Following the EAP's assessment, appropriate recommendations for education, counseling or rehabilitation will be made.
- CWF will contact you when the employee has become compliant with the WCISAP.

VERIFYING NEW EMPLOYEE COMPLIANCE STATUS

- Ask all new employees if they are a WCISAP participant. If not, a Pre-Program Test is required. Please refer to the Pre-Program Testing Instructions under Tab 2. *If there is any doubt about their participant status*, please call CleanWorkForce (CWF) before sending them for a test.

- If a new employee is a participant, you may check their status via the website or by calling CWF.
Website address: www.wcisap.com Phone: (206) 441-2990 or Toll-Free (866) 842-9223

- To verify status using either method, you will need your Employer ID Number and Passcode.

- If using the website, you may access their status with either their WCISAP Participation Card Number, or with their last name and the last four digits of their Social Security Number (SSN).
 - Type in the website address as shown above.
 - Click on *CHECK STATUS*.
 - Enter your Employer ID Number, Passcode and your name*. The ID Number, Passcode and Representative names are not case sensitive. Click *LOGIN*.

(* To use the website, your firm must authorize you as a Designated Employer Representative. You will need to type your name exactly as it was given to CleanWorkForce.)
 - Review the End User Agreement and click on *I AGREE AND WISH TO CONTINUE*.
 - You may access compliance status of up to seven new employees at one time.
 - Enter the employee's last name and last four SSNs -- OR -- enter the employee's WCISAP Participation Card Number.
 - Click *CHECK STATUS*.
 - Each employee's compliance status will be indicated. You may print a copy of this page for your files.
 - If an employee is "*IN COMPLIANCE*," no further action is needed.
 - If an employee is "*OUT OF COMPLIANCE*," contact CWF for direction. They may only owe a random test.
 - Click on *CHECK MORE EMPLOYEES (or BACK)* to return to the previous page to check the status of additional employees.
 - Click on *CLEAR FIELDS* and enter employee information.

Revised Sept. 2009

ROLES AND RESPONSIBILITIES

The **Washington Construction Industry Substance Abuse Program (WCISAP) Board of Trustees**, composed equally of representatives from Labor and Management, serve in a policy and advisory capacity to implement and oversee the operation of the Substance Abuse Program. The Trustees will never compromise the program or employee confidentiality. They have selected the following independent providers to administer the Program.

CleanWorkForce is the Third Party Administrator (TPA) for the WCISAP. The TPA is responsible for the day-to-day operation of the program as directed by the Board of Trustees, including: maintaining and verifying employee compliance status; operating the computer generated random selection process and providing necessary notices; referring employees to the Medical Review Officer and Employee Assistance Program Provider, as needed; monitoring follow-up test and treatment requirements; issuing participant cards; and assisting employees and employers with program policies and procedures.

Collection Sites are program-approved facilities where urine specimens are collected and breath alcohol tests are administered by trained technicians. The specimens are then couriered to the testing laboratory.

LabCorp is the laboratory where urine specimens are tested and analyzed for the presence or absence of specific substances.

The **Medical Review Officer (MRO)** reviews unverified test results referred for evaluation by the testing laboratory. The MRO is a licensed physician trained in the field of drug testing. During the interview with the MRO, employees have the opportunity to provide information that may assist in determining whether the test results are acceptable. The MRO provides CleanWorkForce with confirmed test results.

The **Employee Assistance Program (EAP) Provider**, a licensed and certified specialist in the identification of workplace substance abuse, is available to employees. The program includes initial assessment and recommendations for appropriate education, counseling or rehabilitation. The EAP will also provide training to assist supervisors in recognizing employees with alcohol or drug problems through the observation of specific performance or behavior criteria.
